Hello Jay,

I would like to submit one comment to you on the Spring and Seep Survey Supplemental report that you provided to our office.

***Please include elevation data for all springs and seeps that were identified during the two surveys conducted in Oct. 2012 and May 2013. The elevation data can be added to Table 3 located in Section 6.0 of the document.***

Thank you Jay. Please pass this comment along to Bob Bayer. I did not have Bob's email.

Thank you.

April
